

Dear Al + Lacta -

Very sorry to hear of Mr. Myers' illness. Hope he recovers soon. I just finished my 3rd kid book, dit will be out in Fall '76. You could live in Haiti on my annual income. P. teaches at N. Essex Community College. We had a big year last yr. dough-wise, so went to England in June. 22 days of colloquial climbing, losing Frank, + are we get stuck lengthwise in a canal boat near Chester, England now 2-3 times as expensive as '67. And do you like Heinrich Himmler, our Secretary of State. If they had known in 1918 + 1945 that we'd have a Sec. with a German accent...

GREETINGS OF THE SEASON

Love, Jim + Lacta
